

What to Expect – Senior Professional Career Coach (SPCC)[®]

3-Day Live Career Coaching Business Launch + Graduation: Virtual live event where we give you all the tools you need to successfully launch your new coaching business. It is 100% optional; but not to be missed! Check the [Assignment Tracking Sheet](#) to find the dates for your graduation event.

Your investment: Visit our billing portal to download receipts, view invoices, update your email address, and change your payment method. [Click here](#) to access the IACC billing portal.

Training Modules: We use instructional videos that can be found on an online learning platform called Kajabi. You will need a strong enough internet connection to watch streaming videos. We recommend that you follow the curriculum outlined in the Kajabi curriculum. The modules directly correlate with required assignments and homework. You will receive an email invitation to join Kajabi and access the content within one business day of receiving this email.

SPCC Community: We use a professional collaborative platform called Workplace for submitting homework and collaborating with your instructor and cohort. You will receive an email invitation to join Workplace and join the discussion within one business day of receiving this email.

Weekly Cohort Calls: We meet each week through a platform called Zoom. You will need a camera, speakers, a microphone that is standard in most laptops, and the ability to connect online. It is expected that you join at least one of the weekly cohort calls.

Pro Bono Client: You will be required to work with a client. We recommend you find someone who can fulfill two needs: ability to turn in homework to you in a timely fashion and give you a positive recommendation, given a great coaching experience. If you are not able to find a client in the first week, post in Workplace and tag Cara as she can help you find someone to coach.
